CELEBRATING 50 YEARS OF OTC

OFFSHORE TECHNOLOGY CONFERENCE
6–9 May 2019 / NRG Park / Houston, Texas, USA
2019.otcnet.org
ABOUT THE CONFERENCE

DURING FOUR DYNAMIC DAYS ON THE OTC EXHIBITION FLOOR, YOUR COMPANY CAN SHOWCASE ITS PRODUCTS AND SERVICES TO THE WORLD’S LEADING EXPERTS AND DECISION-MARKERS IN THE OIL AND GAS INDUSTRY’S OFFSHORE SECTOR.

The Offshore Technology Conference (OTC) is where the world’s energy professionals meet to exchange ideas and opinions to advance scientific and technical knowledge for offshore resources and environmental matters. OTC is the largest global event for the oil and gas sector featuring more than 2,000 exhibitors and 70,000 attendees from across the globe.

Founded in 1969, OTC’s flagship conference is held annually in Houston. OTC has expanded globally with the Arctic Technology Conference, OTC Brasil, and OTC Asia.

OTC is sponsored by 13 nonprofit organizations in the energy industry, who work cooperatively to develop the technical program. Revenue from OTC directly benefits the membership of these societies.

What Attendees and Exhibitors Think About OTC

- Attendees rate the exhibition as “very good” because of the wide array of technology on display.*
- For many exhibitors, OTC is their largest participation of the year.
- Numerous exhibitors are able to sign multi-million dollar contracts or MOUs at the event.

The World Comes to OTC

“OTC has remained a good forum to keep abreast of new technological innovations in the oil and gas sector to date.”

— Attendee from Africa

OTC is considered by many in the global energy industry to be ‘the place’ to hear about global developments and activities.

OTC attracts the biggest names in energy. World leaders, royalty, CEOs, and US elected officials attend OTC to make critical decisions and share ideas to meet global demands.

The result is the opportunity for companies to develop business relationships and tap into emerging regions that are vital to offshore development. Even those who are new to the marketplace have seen that by participating in OTC, they obtain recognition necessary for their growth and visibility to thousands of industry professionals.

“Excellent event, several sessions were busy despite the downturn. Great opportunity to make contacts as everyone had time to talk.”

— Attendee from North America
